VALUE-ADDED SERVICES FOR YOUR PROJECT

With a commitment to performing quality construction focused on cost-effectiveness and timely completion, Ball Team Construction Services is a proven leader in providing value-added services. It is our mission to create a successful partnership with our customers throughout the entire construction process and exceed our client's expectations in every way. Partnering with Ball Team takes the uncertainty out of construction, allowing you and your team to focus on your business.

From construction or project management to general contracting and design-build, Ball Team offers a full range of commercial services to a variety of specialty markets.

SPECIALIZED EXPERTISE IN HEALTH CARE

Health care and medical office construction requires specialized knowledge and expertise. Ball Team employs project managers and superintendents who have this critical experience. With over 40 years in the commercial construction industry, the principals at Ball Team have successfully completed numerous offices, clinics, hospitals and fitness facilities for health care clients.

YOUR TEAM FOR A SUCCESSFUL PROJECT

Ball teamwork is at the heart of every project. We take pride in our relationships and communication with design professionals, equipment consultants and suppliers, subcontractors, suppliers, and our clients.

BALL health care
